Total Number of Fixtures/Sprinklers:	Permit Fee: \$
---	------------------------------

I/We hereby apply for a permit to do Plumbing/Sprinkler work as shown above. All materials and works are to be in accordance with the 1992 British Columbia Plumbing Code.

Applicant:	
Address:	Signature of Applicant

OFFICE USE ONLY	
Approved by:	
Permit Approval Date:	Signature of Plumbing Inspector

Work is to commence within 60 days of this date or the permit becomes void. The Plumbing Inspector must be notified by the plumber, at least 24 hours in advance, when work is ready for Rough-In, 200-pound Test, and Final Inspections.

Note: A minimum of 16 inches (400mm) clearance horizontally is required, between the shutoff valve and the pressure reducer valve, for installation of a water meter. Please contact the City of Langley (530-3131) when the shutoff valve is installed but **before** the gypsum board is in place. Thank you for your cooperation.

OFFICE USE ONLY:
